

## Student Outcome Continuous Improvement Cycle

### **A. Collect Data:**

The data is collected every semester from the following sources:

1. Course Assessment Forms (CAF) and Instructor Course Evaluation Forms (ICEF)
3. Exit Survey

### **B. Process Data**

The student attainment of SO is assessed in every fall semester using

1. Student Course Data (ICEF) (Direct)
3. Exit Survey (Indirect)

### **C. Make Recommendation**

In addition to processing the above data, the ABET committee studies faculty recommendation from ICEF and audit the quality of CAF.

Then it prepares and submits a recommendation to the department chairman for further action.

### **D. Take Action**

#### **Curricular Activities**

1. Revise Student Outcomes and its mapping to courses
2. Revise Program Curriculum.
3. Revise Course Description Forms, Lab manuals and text books
4. Update Assessment tools
5. Revise any existing process or create new process in order to improve the achievement of Student Outcomes.

**Non-curricular activities**

1. Improve student social activities
2. Organize Workshops/exhibitions
3. Encourage program related Field Trips
